

# D Street Nesting Site Habitat Enhancement Work Party

**Saturday, March 31**  
**9am to Noon**

On Saturday, we'll be kicking off a two-year project to enhance the D Street Nesting Site, located in the South San Diego Bay National Wildlife Refuge (Chula Vista). We'll start by removing small and medium-sized invasive trees and shrubs (primarily acacia and tamarisk) that predators use to perch when preying upon California Least Tern chicks.

Please bring a hand saw and/or large loppers, gloves, and a hat. Wear long pants, a long shirt, eye protection, old clothes, and sturdy shoes. Water and snacks will be provided. No restrooms will be available.

*Contact Chris Redfern to RSVP for this event at (619) 682-7211  
or [redfern@sandiegoaudubon.org](mailto:redfern@sandiegoaudubon.org).*

Directions: From I-5, exit Mile of Cars/Bay Marina Drive and turn west. Turn left on Harrison Ave. and then park along Harrison – we will meet at the entrance of the bike path located on the east side of Harrison right as Harrison dead ends into 32<sup>nd</sup> St. Lost? Call Tom Pokalski at (619) 843-3648.
